AutoGen — AutoGen

Top-level documentation for AutoGen, a framework for developing applications using AI agents

<https://microsoft.github.io/autogen/stable/>

please start with basic instead of directly diving into architecture ?

Is this framework recommended for production use cases? How well is this framework being adapted in the industry?

```
open_router_api_key = 'your_key_here'
```

```
open_router_model_client = OpenAIChatCompletionClient(
    base_url="https://openrouter.ai/api/v1",
    model="deepseek/deepseek-r1-0528:free",
    api_key = open_router_api_key,
    model_info={
        "family": 'deepseek',
        "vision" :True,
        "function_calling":True,
        "json_output": False
    }
)
```
